COVID-19 Guidelines

At the time of writing this invitation, the State of Alabama is currently operating under the "Safer At Home Order":

<https://governor.alabama.gov/assets/2020/12/Safer-at-Home-Order-Final-12.9.2020.pdf>

This order is set to expire January 22, 2021. It is unknown at this time whether the order will be extended and/or modified.

The Order currently has provisions for Athletic events:

11. Athletic activities. Effective May 22, 2020, at 5:00 P.M., persons attending or participating in athletic activities shall comply with the following rules:

a. Permitted team activities. From May 22, 2020, at 5:00 P.M., until June 14, 2020, participation in team athletic activities is limited to practices that involve conditioning, skill drills, and similar activities, subject to the rules of this paragraph. Beginning June 15, 2020, participation in team athletic activities may proceed in any respect subject to the rules of this paragraph.

b. Social distancing.

(i) Players, coaches, officials, and spectators shall not congregate within 6 feet of a person from another household except to the extent necessary—and only to the extent necessary—for players, coaches, and officials to directly participate in the athletic activity.

(ii) Players, coaches, officials, and spectators shall refrain from high fives, handshakes, and other physical contact except to the extent necessary—and only to the extent necessary—for players, coaches, and officials to directly participate in the athletic activity.

c. Facial coverings. Unless an exception to paragraph 2's facial-covering requirement would apply, players, coaches, officials, and spectators shall wear a mask or other facial covering that covers his or her nostrils and mouth at all times while within six feet of a person from another household except when a player or official is directly participating in the athletic activity.

d. Sanitation. Players, coaches, and officials shall not share water coolers, drinking stations, water bottles, cups, or other drinking devices. Organizers of athletic activities shall take reasonable steps, where practicable, to regularly disinfect frequently used items and surfaces.

For purposes of this paragraph, "athletic activities" means "sports that involve interaction with another person of closer than six feet" and "activities that require use of shared sporting apparatus and equipment."

In addition to complying with the requirements of this paragraph, persons attending or participating in athletic activities are strongly encouraged to comply with any guidelines adopted by the relevant governing organization, if one exists for the athletic activity in question, to the extent those guidelines are consistent with the requirements of this paragraph.

In addition, organizers of athletic activities are strongly encouraged to read and implement the Alabama Department of Public Health's "Guidelines for Adult and Youth Athletic Activities," available at <https://www.alabamapublichealth.gov/covid19/assets/cov-sah-athletic-activities.pdf>.

Under these restrictions, we will require the wearing of masks when not "directly participating in the athletic activity". This means that no masks will be required when on the firing line. **Masks will be required in all other areas under and around the shooting area behind the wooden fence.** This includes under the covered shooting bench areas, and in front of Stephen's Pavilion. Other areas of the park not being rented by the Fourth Louisiana Delta Rifles are not under our control and will revert to whatever restrictions are in place by the park and the State of Alabama.
